APG CASH DRAWER®

The APG Series 4000 Cash Drawer includes dual media slots and coin roll storage in the same cubic footprint as the popular APG Standard Classic Cash Drawer (18.0" x 16.7" x 4.2"). The dual media slots are beveled for smooth media insertion, and the storage space is separated for easier reconciliation. Industrial grade steel ball bearing slides, a robust latch mechanism, and a proven four function lock assembly ensure that APG Series 4000 Cash Drawers will continue the tradition of providing millions of smooth, trouble-free cycles.

Rich in Features and Benefits

- Dual, beveled media slots flow into flexible media storage areas
- Storage space for coin rolls, packaged bills, and media make the entire POS workstation more efficient
- Various popular sizes and colors will fit most configurations
- Can be customized to fit your specific applications
- Convenient access interface location,with APG's standard or custom electronic interfaces, helps provide an easy and trouble-free installation
- Three-year warranty on all mechanical and electrical parts provides peace of mind

The rugged, reliable APG Series 4000 Cash Drawer keeps your POS application rolling so smoothly you might forget what "down time" means.
